“Reimagine and Empower Your Future: Career Advice and Improvement”

“The FUTURE depends on what you do
TODAY.” – Mahatma Gandhi

How can we rethink our current career path and
adapt to the future of work when no one can
accurately predict artificial intelligence’s impact
over the long term, so we can build meaningful
career and personal relationships to thrive in the
digital age?

We invite you to have a collective focus and
curiosity to:

- Gain practical tips, the fresh perspective, necessary mindset, uniquely human skills to future-proof yourself and to succeed in the new collaborative world and future workplace
- Connect the dots between today’s learning and tomorrow’s careers; make change work for you
